M-1096

PTO

3. Classify inflammatory orthropathias. Briefly describe the treatment of Rheumatoid Arthritis. 6
4. Write short notes on :
- (i) Osteoporosis 4
 - (ii) Fracture of supra condyler part of humorus in children 4
 - (iii) Osteogenic Sarcoma 4

M-1096

**Final M. B. B. S. (Professional) Examination,
Feb.-March 2018**

SURGERY

Paper : First-(B)

(Orthopaedics)

Time Allowed : 1½ hours

Maximum Marks : 30

Minimum Pass Marks : 15

Note : Attempt all questions.

1. (a) Classify Osteomyelitis. Discuss clinical features, diagnosis and management of acute osteomyelitis. 6
- (b) Differentiate between Intracapsular and Extracapsular fractures of proximal femur and their management. 6

(c) Describe the stages of Tuberculosis of Hip joint and their management.

6

2. Write short notes on :

(i) Rheumatoid Arthritis

4

(ii) Osteogenic Sarcoma

4

(iii) Ortolani and Barlow test

4

Final M. B. B. S. (Professional) Examination,
Sept.-Oct. 2017

SURGERY

Paper : I (B)

(Orthopaedics)

Time Allowed : 1½ hours

Maximum Marks : 30

Minimum Pass Marks : 15

Note : Attempt all questions.

1. (a) Discuss the clinical and radiological features, management and complications of chronic osteomyelitis.

6

[2]

(b) Classify fracture supracondylar humerus and discuss the clinical features, management and their complications.

6

(c) Discuss the clinical features and management of CTEV. 6

2. Write short notes on :

3×4=12

(a) Gout

(b) Ewing sarcoma

(c) Trendelenburg sign and gait

M-1222

**Final M. B. B. S. (Professional) Examination,
Feb.-March. 2017**

SURGERY

Paper : I (B)

(Orthopaedics)

Time Allowed : Three hours

Maximum Marks : 30

Minimum Pass Marks : 15

Note : Attempt all questions.

1. What is dislocation? Describe causes, diagnosis and management of shoulder dislocation. 10
2. Discuss causes, clinical features and treatment of Osteomyelitis. 10

M-1222

PTO

3. Write short notes on :

2×5=10

(a) Osteoporosis

(b) Osteoclastoma

M-1222

Final M. B. B. S. (Professional) Examination,
Feb.-March. 2016

SURGERY

Paper : I (B)

(Orthopaedics)

Time Allowed : 1½ hours

Maximum Marks : 30

Minimum Pass Marks : 15

Note : Attempt all questions. Use separate answer book. Answer in strict sequential order.

1. (a) How do you classify fracture neck of femur. 6
- (b) Discuss management of secondary bone tumors in Spine. 6

M-1222

PTO

(c) Discuss etiology and treatment of Congenital Hip Dislocation.

6

2. Write short notes on :

(a) Cubitus Valgus

4

(b) Compartment Syndrome

4

(c) Axonotmesis

4

M-1222

**Final M. B. B. S. (Professional) Examination,
Sept.-Oct. 2015**

ORTHOPAEDICS (in Surgery)

Paper : First-B

Time Allowed : 1½ hours

Maximum Marks : 30

Minimum Pass Marks : 15

Note : Attempt all questions. Answer on a separate answer book. Answer only in correct sequential order.

1. (a) Describe the clinical features and treatment of a case of Congenital Talipes Equinovarus (CTEV). 6
